

News of Importance From Home and Abroad.

STILL ANOTHER EARTHQUAKE

Visits California, Doing Considerable Damage.

GOV. MARKHAM APPEALED TO.

Turner Defeats McCann at the Pacific Athletic Club—The Indiana Democratic State Convention.

Another Severe Earthquake.

ESPARZO, Cal., April 21.—A severe shock of earthquake occurred here this morning, completely leveling the brick portion of the town. Every brick chimney was thrown to the ground and wooden buildings wrenched out of shape.

W. H. Shulte, an engineer, was seriously, if not fatally, injured by a portion of the walls of a blacksmith shop falling on him. His leg was broken in several places, his jaw was broken and internal injuries are feared. Levy & Schwab's brick store is almost a complete wreck. Barnes' Hotel suffered a severe loss, the earthquake making a hole eight by six feet in the east wall. Mrs. J. R. Davis and son were taken out of the debris of Levy & Schwab's store unconscious. The baby in the woman's arms was unharmed. Reports from the surrounding country show great destruction to property.

BENICIA, April 21.—Another shock of earthquake occurred at 7:13 this evening, if anything, more severe than that of this morning.

VACAVILLE, April 21.—There was another slight shock of earthquake at 6:15 this evening and a heavier one at 7:23. No special damage was done, but people were frightened.

Governor Markham has sent twenty-five tents, and the occupation of tents is general. C. P. Huntington has wired an offer of aid, but it is not needed.

CARSON, April 21.—Two more shocks of earthquake were felt here to-day, one at 9:43 A. M. and another at 7:15 P. M. No material damage was done in Carson by any of the shocks.

PETALUMA, April 21.—At 9:43 o'clock this morning two sharp, quick earthquake shocks passed through Petaluma from east to west. The first was light, but was instantly followed by a much heavier one. Clocks were stopped and some plastering shaken down. Nearly everybody went into the streets as fast as possible. Another slight shock was felt to-night at 7:13.

MARTINEZ, April 21.—This morning at 9:44 o'clock, a heavy shock of earthquake was felt here. People were so frightened they rushed into the street. The vibrations lasted 25 seconds. Clocks stopped, and a lamp hanging in the County Assessor's office was thrown down and broken and the Court House cracked in one or two places.

The building used by the Free Library was cracked so badly that it is considered unsafe and the books will be removed as soon as another building can be fixed for their reception, the library being closed in the meantime.

SAN FRANCISCO, April 21.—There was a recurrence of the earthquake wave in the central portion of the State this forenoon, which was perceptible in this city and was noticeable as far east as Reno. Telegraphic reports show that it was felt as far north as Red Bluff and the San Joaquin Valley in the south. The shock was not as severe as that of Monday night and the only damage of any consequence reported was to buildings in the towns of Winters, Woodland, Dixon and Vacaville, which had been weakened by the trembler of Monday night.

A survey of the damage at six towns in Vacaville and Sacramento Valleys show that the buildings were of a frail character of construction, which would not have been permitted in any city with building regulations, a number of which would have collapsed in the event of a severe storm of any character. In this city and in Sacramento the shock was not noticeable in the strong business blocks nor in the mission churches, many of which are over a hundred years old.

People in rebuilding are now recognizing the necessity to do so with strong walls and girders. To-day's quake was attended with but one or two injuries to persons, those from falling debris.

There was another light shock of earthquake felt here at 7:15 this evening. Buildings trembled slightly but no damage was done.

Shocks are also reported this evening from San Rafael, Vacaville, Lodi, Benicia and other places in the State and also from as far east as Carson, Nevada.

The tremors seemed to be very light and no damage is reported.

Deaths of Making an Explanation.

WASHINGTON, April 21.—The President to-day received a request from Buffalo, Wyoming, requesting him to receive a delegation to lay before him the facts concerning the recent trouble between cattlemen in that State. The telegram states that contrary to all laws an armed body of capitalists entered the country with the avowed intention of taking possession of and controlling the same in their own interests, and it is believed their aim was to terrorize and depopulate the country, and, if need be, murder all who resisted. The telegram adds that the citizens of the country were greatly maligned and their actions misrepresented.

It will be observed that while the platform favors tariff reform openly and above board it evades the free coinage question, though it favors the money of the Constitution and says all currency issued by the Government should be redeemable in gold or silver at the option of the holder. This is but little better than the Republican platforms of Massachusetts and Pennsylvania, which come out squarely against free coinage.

The convention declared that the pension policy of the Government should be amended to draw a distinction between the soldier in the field and the camp follower, and favors the election of United States Senators by direct vote of the people.

It will be observed that while the platform favors tariff reform openly and above board it evades the free coinage question, though it favors the money of the Constitution and says all currency issued by the Government should be redeemable in gold or silver at the option of the holder. This is but little better than the Republican platforms of Massachusetts and Pennsylvania, which come out squarely against free coinage.

Every voter at Dun Glen, Humboldt county, has signed a pledge to vote for no man for President who is not in favor of the free and unlimited coinage of silver.

Governor Markham Applied to for Assistance.

SACRAMENTO, April 21.—Governor Markham received the following dispatch this morning:

"WINTERS, April 21, 1892—11:55 A. M.: Governor H. H. Markham—A third shock of earthquake has almost demolished our town. Many people are without shelter and there are indications of rain. Can you send any tents belonging to the State, or have you any? Signed: C. C. Rust, Editor."

To this Governor Markham immediately replied: "C. C. Rust, Winters, California—Our tents will shelter from five to six persons each. How many do you want? Will do for your afflicted people all that can be done. H. H. Markham, Governor."

To a Bee reporter Governor Markham said: "If I receive a reply necessitating such action I will send tents so they will reach Winters to-night, even if I have to secure a special train. I have also telegraphed to Vacaville asking if they are in need of supplies."

Turner Victorious.

SAN FRANCISCO, April 21.—Oscar Turner, the colored middleweight of Stockton, and Jack McCann of Philadelphia, met at the Pacific Athletic Club to-night to battle for a purse of \$1,250. A large crowd was in attendance and the betting was very lively.

Shortly before the fight McCann was the favorite at small odds.

The fight lasted but eight rounds and resulted in a victory for Turner, who had the best of the fight from the start and scored a knock down in the sixth round.

In the eighth round McCann rushed it strongly and the men slugged each other at close range, Turner getting the best of it. McCann was not completely knocked out but wriggled around on the floor trying to rise. Just before the gong sounded he crawled part way to Turner's corner but couldn't rise and a call of time gave Turner the fight.

Democratic Convention.

INDIANAPOLIS, April 21.—The following ticket was nominated at the Democratic Convention to-day: Judge of the Supreme Court, Second District, J. W. New; Third District, James McCabe; Fifth District, T. E. Howard. Claude Matthews of Clinton (former candidate) was nominated for Governor on the first ballot. Mortimer Nye was nominated for Lieutenant Governor. The delegates to the National Convention are composed equally of followers of Cleveland and Gray.

Weather Forecast.

SAN FRANCISCO, April 21.—Forecast for Nevada: Cloudy weather with light rain, followed by fair fresh to brisk westerly winds; generally cooler.

Baseball.

SAN JOSE, April 21.—San Jose 4; Oakland, 1.

The other day a woman was building with great deliberation a dialect story. Suddenly she felt her attention called to the corner of the room. There she saw a friend who lives in Washington seated with bowed head, crying. The story writer called out the visitor's name, and the vision fled. Immediately, on her manuscript paper, this woman wrote her friend, detailing the circumstance.

The next day she received a letter from her friend, saying: "A queer thing has just happened to me. I was sitting in my room crying when I distinctly heard you call my name." The two letters had crossed each other in transit.—New York Evening Sun.

AMAZONS AND AMAZONS. "Who's the large lady over there raising a row with the waiter?" inquired a guest at the hotel of the landlord.

"Oh," was the good natured reply, "that's my wife."

"Ah, indeed; she's a perfect Amazon, isn't she?"

"Well, mighty nigh it, responded the landlord reflectively. Her mouth ain't quiet so big, perhaps, but she talks a heap sight more."—Detroit Free Press.

Forty-eight tons of supplies were hauled from Berlin Falls, N. H., to Dunforth's camp, a sportman's resort at Lake Parmachenee, Me., this season, at an expense of \$1,000. The hunters who visit Parmachenee live high, and some of them have a sweet tooth, for 600 pounds of candy disappeared there last year.

There was quite a heavy fall of snow in Mobile Thursday, an event of great rarity and of equally great interest to the inhabitants. It was the first snow in five years and the fifth in seventy years.

WHAT IS SCROFULA?

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors"; which, fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or afflictions, for very few persons are entirely free from it.

How Can It Be CURED?

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla. "My daughter Mary was afflicted with scrofulous neck from the time she was 22 months old till she became six years of age. Lumps formed in her neck, and one of them after growing to the size of a pigeon's egg, became a running sore for over three years. We gave her Hood's Sarsaparilla, when the lump and all indications of scrofula entirely disappeared, and now she seems to be a healthy child." J. S. CARLILE, Naugart, N. J.

N. B. Be sure to get only

HOOD'S SARASPARILLA
Sold by all druggists. \$1.00 for 50. Prepared
by C. L. HOOD & CO., Apothecaries, Lowell, Mass.

PRICE OF DAILY JOURNAL.

FIFTEEN CENTS PER WEEK

Delivered by Carrier.

FRIDAY.....APRIL 22, 1892

BREVITIES.

Governor Colcord is in town.

Charlie May left last night for San Francisco.

State Treasurer J. F. Egan came down from Carson last night.

Try creosote, an absolute disinfectant. Reno Manufacturing Co.

W. J. Westerfield and wife were among last night's arrivals on the V. & T.

Bargains in refrigerators, lawn mowers and garden hose at Lange & Schmitt's.

U. S. Marshal Moore departed for Virginia City yesterday by private conveyance.

Thirteen hundred railroad employees were killed and injured on Kansas railroads in 1891.

Plumbing, tinning and pipe work done at the lowest possible prices by Lange & Schmitt.

Mrs. D. A. Bender and mother arrived on the V. & T. passenger last night on their way to California.

The Austin Advocate says "free coinage is of more value to Nevada than the preferment of any man, set of men or party."

The Advocate says: "A more blizzarding day has not been experienced in Austin for years than was last Monday. At times the snow fell and blew so fast that one could not see across the street."

The Silver State says: "Just as soon as the people will think for themselves, they will learn how to act for themselves, to vote for themselves and to save themselves from the mistakes of the past."

Lieutenant Quaithrough of the U. S. Navy passed west last night on his way from Washington to San Diego, where he will report for duty on board the U. S. warship Charleston, now in that port.

Senator Hill of New York voted with the silver men in the United States Senate on what was supposed to be a test question, that of making the principal and interest of certain bonds payable in lawful money, instead of gold.

The Reno Reduction Works are working steadily on ores from Humboldt and Esmeralda counties under the supervision of H. H. Beck. Eleven or twelve men are employed at the works, but the low price of silver is discouraging as only very rich ores will pay.

Dr. S. H. Talcott, Superintendent of the State Lunatic Asylum at Middleton, N. Y., believes that baseball is a homeopathic cure for lunacy. It is a new kind of craziness to relieve them of the malady and the air which they breathe is very beneficial.

M. S. Maria James, wife of Zephaniah James of Gold Hill, committed suicide last Wednesday by hanging herself. She had been dead some hours before the body was discovered. She was a native of South Wales, aged 43 years, and a member of the Order of Chosen Friends.

At Snyder, Kansas, William Hawkins was engaged to be married to a girl of that city but by mistake married her twin sister, who was so infatuated with Mr. Hawkins that she would not tell him of the mistake, and she so closely resembled her sister that he could not tell one from the other.

Col. H. B. Maxson, the well known surveyor and civil engineer, returned yesterday from the eastern part of the State, where he has been engaged several weeks in professional duties. He also located the forty-fifth degree of longitude upon the ground in connection with the County Survey of Humboldt county.

A prisoner by the name of Downworth, who was examined before U. S. Commissioner Waldo for selling whisky to Indians and bound over to await the action of the U. S. Grand Jury, escaped between Washoe and Franktown from the officer who was taking him to the State Prison for safe keeping yesterday.

The White Star Steamer Teutonic has just made the trip from New York to Queenstown in 5 days, 23 hours and 25 minutes, covering 2,900 miles. Last September the Teutonic made the trip from New York to Queenstown in 5 days, 21 hours and 22 minutes, but the distance covered was only 2,791 miles, or 109 miles less than on her last trip.

Our fishermen will find a notice in another part of this issue that may be of interest to them. It is strange, however, that such a notice should be needed. But it appears that men calling themselves sportsmen have been doing some very contemptible things at the fish ladder on Scott Island. The Government requires all dams to be provided with fishways or ladders. The Reduction Works people went to considerable expense in supplying a fish ladder, which the fishermen are now meddling with by closing the gates and otherwise interfering with the passage of fish. The only safe way is to heed the notice and keep away from lower end of Scott Island. Mr. Beck evidently means business.

The World Enriched.

The facilities of the present day for the production of everything that will contribute to the material welfare and comfort of mankind are almost unlimited and when Syrup of Pigs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring time or, in fact, at any time and the better it is known the more popular it becomes.

By order of the E. H. P. W. L. BECHTEL, Secretary.

H. H. BECK, Supt. Reno Reduction Works. April 21, 1892.

Notice.

A called convocation of Reno Chapter No. 7, R. A. M., will be held in Masonic Hall this (Friday) afternoon at 2 o'clock p. m. sharp, for the purpose of conferring the Royal Arch Degree. All companions and visiting companions are invited to be present.

"German Syrup"

A Throat and Lung Specialty. Those who have not used Boschee's German Syrup for some severe and chronic trouble of the Throat and Lungs can hardly appreciate what a truly wonderful medicine it is. The delicious sensations of healing, easing, clearing, strength-gathering and recovering are unknown joys. For German Syrup we do not ask easy cases. Sugar and water may smooth a throat or stop a tickling—for a while. This is as far as the ordinary cough medicine goes. Boschee's German Syrup is a discovery, a great Throat and Lung Specialty. Where for years there have been sensitiveness, pain, coughing, spitting, hemorrhage, voice failure, weakness, slipping down hill, where doctors and medicines and advice have been swallowed and followed to the gulf of despair, where there is the sickening conviction that all is over and the end is inevitable, there we place German Syrup. It cures. You are a live man yet if you take it.

SOCIETIES.

CATHOLIC BENEVOLENT LEGION.

Bethel Council, No. 274, C. B. L., meets first and third Sundays of each month at 7:30 P.M. in Thompson's Hall, Virginia street. Visiting comrades welcome. JAMES GRISWOLD, President. J. H. CARRE, Secretary. Jan 22nd.

CHARLES F. CLOUGH.

BUILDER, ARCHITECT

AND CONTRACTOR.

RENO, NEVADA.

Plans for buildings and estimates of cost for building taken from any style or style building. Residence near the University. Orders left at Sunderland's shoe store will receive prompt attention.

VEGETARIAN FARE.

1 WOMAN WHO EATS NO MEAT AND LIVES ON \$1.30 A WEEK.

Mrs. Le Favre, of New York, Tells About Her Diet of Nuts, Grains and Fruits. It Is Really Very Attractive—Something About Those Who Eat Meat.

Why is it there are only about 200 vegetarians in New York city, less than the number in either Boston or Chicago? In the latter city visits to the sanguinary meat packing establishments have driven people to a nonmeat diet, and there is a large and increasing class that forages upon the fruits, nuts and leaves of the earth.

These facts were communicated to me the other day by Mrs. Le Favre, the leader of New York's vegetarian 200. She has not eaten meat for four years. A diet of nuts, fruits and seeds she claims is more wholesome and much cheaper than one composed of flesh.

Her thirty day experiment of living on her favorite foods at the lowest possible cost was recently told of. She brought her table board down to \$1.30 a week. She claims that with this she committed many gastronomical extravagances and that the price can be still further pared down.

Mrs. Le Favre goes a little further than most vegetarians in discarding roots and leaves altogether. The humble potato, the succulent lettuce and the homely cabbage are not to be found upon her bill of fare, nor will she partake of radishes, turnips, carrots or the many items usually so well relished that come under the head of roots or leaves.

She thinks that they are a very poor class of nourishment and intended only for horses and pigs, though under a vegetarian dispensation what the pigs are intended for it would be difficult to say.

Some of the proprietors of vegetarian sanatoriums who find potatoes somewhat cheap and excessively filling for their patients take issue with her on these points.

I don't think that Mrs. Le Favre is a very hearty eater, as eaters go, but she is very well nourished and does a vast amount of work for the fuel she consumes. I doubt if any great eater of my acquaintance can do more labor of brain or muscle than she.

For her breakfast she eats cereal food, granula, wheatena, rice or corn. One of these things she takes a tablespoonful and a half, costing perhaps one cent, and cooks it. Then she has a cup of coffee, costing about one cent more, and a slice or two of whole grained bread at less than a penny a slice, and concludes the repast with an orange or banana. The quantities given are not large, but they can be increased to suit the appetite, and the heartiest eater, she thinks, couldn't very well make away with more than ten cents' worth.

The luncheon consists of a plate of lentil soup, a most nourishing dish, involving an outlay of about half a cent. This is followed by a vegetable of some sort well cooked, a few olives or nuts, two slices of bread, some fruit, canned cherries or something like that or pudding. The check for this meal would be seven or eight cents.

Supper is made up of whole grained oatmeal bread, preserves, bananas or oranges and a little chocolate.

Once this antimeat advocate saw a port in the east carrying a large piano down the street on his shoulders. She became interested at once and wanted to find out what food would produce such enormous strength. She inquired and found that he lived chiefly on green cucumbers and garlic, and never devoured flesh at any time. Two-thirds of the people in the world—three-fourths some people assert—never eat meat and wouldn't know how to.

In Boston there are vegetarians of the second generation—that is, their parents had eaten no flesh for some years before they were born, and they themselves have not broken their fast upon roasts and boileds. To these people the sight of a butcher's shop or a wagon load of deceased pigs is exceedingly repulsive.

There is no vegetarian restaurant in the United States, and the nonmeat eaters want to start one in New York. London has at least forty places where one can dine upon the vegetable fat of the land without tasting flesh. The number and variety of dishes that are served in these places would startle the unsophisticated and shock a butcher.

Vegetarians everywhere realize that the best way to preach their doctrine is to induce people to eat one of their meals. Bachelors and spinster bent on dietary reform and ignorant of cooking, or perhaps not having a kitchen at their disposal, find it hard to board at a restaurant and not live on meat. They can live on apples, perhaps—Mrs. Le Favre did once for two weeks and grew stout and healthy—but many of them might not care to.

"All the fighting of the world is done by meat eaters," said Mrs. Le Favre. "Flesh engenders a fierce restlessness which finds vent in war. Vegetarians, while they will work unceasingly, are not fighters, but they win their point by gentleness and persuasion."

Young, Middle Aged and Old Men, Who may be suffering from YOUTHFUL FOOLIES or the EXCESSES of manner life, will find in these distinguished speakers one who knows just what the matter with you, and will cure you sound and well.
